

TERMS & CONDITIONS

Service Agreement

This Terms of Use Service Agreement (the "Agreement") is between Trunking.io, Inc. ("Trunking.io") and the Customer. Services provided are based on the Terms and Conditions contained herein and are subject to change with updated versions of this document available for viewing and download on www.trunking.io. Updated versions of this document will take effect on the first date of the month following posting of the updated version, with updated versions identified with the month and year they become effective. Customer should therefore check the site regularly for updated versions. Customer accepts said Terms and Conditions, as acknowledged by signature on the relevant Service Order Form ("SOF"), and agrees to be bound by them.

Definitions

911 Services	Functionality that allows end users to contact emergency services by dialing the digits 9-1-1.
Basic 911 Service	The ability to route an emergency call to the designated entity authorized to receive such calls serving the Customer's Registered Address. With basic 911, the emergency operator answering the phone will not have access to the caller's telephone number or address information unless the caller provides such information verbally during the emergency call.
Enhanced 911 Services	The ability to route an emergency call to the designated entity authorized to receive such calls, which in many cases is a Public Safety Answering Point ("PSAP), serving the Customer's Registered Address or user-provided address and to deliver the Subscriber's telephone number and Registered Address information automatically to the emergency operator answering the call.
ANI	Automatic Number Identification.
CPE	Customer Premises Equipment
Customer VoIP Application	The Class 5 VoIP application provided by Customer in connection with Trunking.io Two-Way SIP Trunk service.
DID/DOD	A telephone number assigned by Trunking.io to Customer for use by a subscriber with Trunking.io Two-Way SIP Trunk service.
Directory Listings	The listing of a Subscriber's telephone number in the ILEC directory for a market.
International	Anywhere outside of the continental United States, including the states of Alaska and Hawaii.
IP	Internet Protocol
LCA	A geographical local calling area (determined by the applicable ILEC) containing one or more Rate Centers.
LNP	Local number portability.

NADP	North American Dialing (or Numbering) Plan.
Operator and Directory Assistance	Live or automated operator assistance for the placement of Subscriber calls, listing services and/or related information.
PSTN	Public switched telephone network.
Rate Center	A geographic area (determined by the applicable ILEC) within a LCA or market that is associated with one or more specific NPA/NXX codes.
Registered Address	The address provided by customer in either written format on (i) appropriate Trunking.io order forms, (ii) entered into appropriate Trunking.io portals or (iii) other written or verbal communication to Customer's Trunking.io sales or post-sales representative, that represents the physical location from which Trunking.io's SIP Trunking service and TNs associated with this service will be used.
SIP	The signaling protocol used between VoIP networks to establish, control and terminate voice calls.
Subscriber	An individual, end-user or telephone device assigned a DID/DOD.
TN	A telephone number assigned by Trunking.io to Customer (or that Customer ports to Trunking.io) and used by Customer in connection with Trunking.io Two-Way SIP Trunk for service.
Toll Free Number or TFN	A telephone number that supports NADP and is assigned by Trunking.io to Customer or that Customer ports to Trunking.io for use with the Trunking.io Two-Way SIP Trunk.
U.S. Domestic	The continental United States (excluding Alaska and Hawaii).
VoIP	Voice over Internet Protocol.

1. Services Provided

Provided that Customer is not in default of its obligations stated herein, Trunking.io shall provide Customer with the Service ordered in the Trunking.io Service Order Form, which Service Order Form is incorporated herein by reference, for the Service Term, the Service Term being defined in Section 11. If Customer has purchased or leased Equipment from Trunking.io or its certified third party leasing company then the Customer must install Equipment in accordance with instructions provided by Trunking.io (or its third party vendor).

In addition, Trunking.io Equipment must be used solely for the purpose of Service utilization. Customer is solely responsible to obtain, use and operate any equipment not provided by Trunking.io that may be used in association with the Service.

2. Service Description

Trunking.io Two-Way SIP Trunks is a bundled virtual trunking service providing inbound, outbound local and long distance voice services via a Trunking.io assigned DID. The service will route between a Customer's IP address and either the PSTN or another IP address with Trunking.io delivering traffic to the Customer's gateway device or IP-PBX via an internet protocol connection using Session Initiation Protocol ("SIP") signaling. Each Two-way SIP Trunk enables a single concurrent call but can be oversubscribed with multiple Trunking.io assigned DIDs being accessible via a single trunk. Two-way SIP Trunks also include static 911 services, 411, Operator services, inbound caller id, caller location or white page listing. These services require Customer to provide their own legitimate service address. Only TNs or Toll-Free TNs provided by Trunking.io or ported to the Trunking.io network can be used in conjunction with this service.

3. Service Limitations

Trunking.io Two-Way SIP Trunk service does not include any Class 5 features (e.g. call waiting, call forwarding, voicemail, etc.), nor will the service provide any of the following call types: 976, 900, or 1010xxx. Outbound local, 911, outbound 800 calls or 411 calls are only available if the call's originating Automated Number Identification (ANI) is a Trunking.io assigned DID or a DID that has been ported to the Trunking.io network. All special configurations are subject to Trunking.io's approval and Trunking.io reserves the right to terminate this agreement where proper interoperability testing has not been completed when required. Any traffic deemed to jeopardize the integrity of Trunking.io's network may be blocked by Trunking.io.

Service Moves: Trunking.io Service requires a contracted Service Address. Trunking.io Services may not be moved from a contracted Service address without written notification from the customer to Trunking.io. Should Customer fail to notify Trunking.io of a service move then Trunking.io, at its sole discretion, may immediately suspend Customer service until such time as a Customer Move Order is processed. Customer accepts that failure to properly notify Trunking.io of an intended service move may result in Customer service being E911 non-compliant. Customer understands that said failure may cause incorrect routing of Emergency Services and any consequences of such rest solely with the Customer. Additionally, customer understands that continuation of existing ELS DIDs may be restricted by the location of the moved service.

4. Emergency Services Dialing

Customer will have access to either basic 911 or Enhanced 911 (E911) as their default emergency calling service.

With E911 service, when a caller from the Customer's Registered Address dials the digits 9-1-1, the Trunking.io telephone number and subscriber's registered address is automatically sent to the local emergency center serving your location. The emergency operators will have access to this information regardless of whether the caller is able to verbally provide such information to the emergency calltaker. Accordingly, with E911 service, the emergency call-taker will have the caller's call-back telephone number and registered address information just by virtue of the caller placing the call using the digits 9-1-1. In limited circumstances, Customers equipped with E911 may have their calls routed to the national call center. Please see the description below for an explanation of when this would occur and how this service operates.

With basic 911 service, when a caller from the Customer's Registered Address dials the digits 9-1-1, the call is sent to the local emergency center serving your location. But operators answering the call will not have automatic access to the caller's call-back telephone number or the Registered Address because the emergency center will not be equipped to receive, capture or retain Customer's assigned Trunking.io telephone number and Registered Address. Accordingly, callers must be prepared to provide both call-back and address information. If the call is dropped or disconnected, or if the caller is unable to speak, the emergency operator answering the call will not be able to call the caller back or dispatch help to the caller's address. As additional local emergency centers become capable of E911 functionalities, Trunking.io will automatically upgrade customers from basic 911 to E911 service. We will not notify Customer of the upgrade. In limited circumstances, Customers equipped with basic 911 may have their calls routed to the national call center. Please see the description below for an explanation of when this would occur and how this service operates. Trunking.io Enterprise Two-Way SIP Trunk, Terms and Conditions.

National Call Center service Certain Trunking.io customers do not have access to either basic 911 or E911. If Customer does not have access to either E911 or basic 911, emergency calls placed using the digits 9-1-1 will be sent to a national emergency call center. A trained agent at the emergency call center will ask for caller's name, telephone number, and location and then transfer the caller to the appropriate local emergency center or otherwise determine the best way to provide emergency services to the caller. Like Basic 911, the trained operators answering calls in the national call center will not have automatic access to the caller's telephone number or Registered Address information because the national call center is not equipped to receive, capture or retain Customer's Trunking.io telephone number and Registered Address, so the caller must be prepared to provide this information. Customer's 911 calls may also be sent to Trunking.io's national emergency call center if there is a problem validating the Registered Address provided by Customer during provisioning, if Customer is located in an area that is not covered by the land line 911 network, or if Customer has basic 911 or E911 service but these call fails to complete and are routed to the national emergency call center for failover purposes.

DISCLAIMER OF LIABILITY:

CUSTOMER ACKNOWLEDGES AND AGREES THAT TRUNKING.IO'S SERVICE IS INTERNET BASED AND THAT 911 SERVICES ARE DIFFERENT THAN THAT OF TRADITIONAL WIRELINE SERVICE. FOR BASIC 911 OR E911 TO BE ACCURATELY ROUTED TO THE APPROPRIATE EMERGENCY RESPONDER, THE CUSTOMER MUST PROVIDE THE TN ASSOCIATED WITH THE TWO-WAY SIP TRUNKING SERVICE FOR THE REGISTERED ADDRESS, IN THE 'USERPART' OF THE 'FROM URI' CONTAINED IN THE SIP 'FROM' HEADER. CUSTOMER ACKNOWLEDGES THAT THE BANDWIDTH TWO-WAY SIP TRUNK SERVICE MAY NOT SUPPORT BASIC 911 OR E911 DIALING IN THE SAME MANNER AS TRADITIONAL WIRELINE PHONE SERVICE. CUSTOMER AGREES TO INFORM OF THE POTENTIAL COMPLICATIONS ARISING FROM BASIC 911 OR E911 DIALING. SPECIFICALLY, CUSTOMER ACKNOWLEDGES AND AGREES TO INFORM ALL EMPLOYEES, GUESTS, AND OTHER THIRD PERSONS WHO MAY USE THE SERVICE THAT BASIC 911 AND E911 SERVICES WILL NOT FUNCTION IN THE CASE OF A SERVICE FAILURE FOR ANY OF THE FOLLOWING REASONS: (A) POWER FAILURES, (B) SUSPENDED OR TERMINATED BROADBAND SERVICE, (C) SUSPENSION OF SERVICES DUE TO BILLING ISSUES, AND/OR (D) ANY OTHER SERVICE OUTAGES NOT DESCRIBED HEREIN. CUSTOMER FURTHER ACKNOWLEDGES THAT FAILURE TO PROVIDE A CORRECT PHYSICAL ADDRESS IN THE REQUISITE FORMAT MAY CAUSE ALL BASIC 911 OR E911 CALLS TO BE ROUTED TO THE INCORRECT LOCAL EMERGENCY SERVICE PROVIDER. FURTHERMORE, CUSTOMER RECOGNIZES THAT USE OF THE SERVICE FROM A LOCATION OTHER THAN THE LOCATION TO WHICH THE SERVICE WAS ORDERED, I.E., THE "REGISTERED ADDRESS," MAY RESULT IN BASIC 911 OR E911 CALLS BEING ROUTED TO THE INCORRECT LOCAL EMERGENCY SERVICE PROVIDER.

CUSTOMER ACKNOWLEDGES AND AGREES THAT TRUNKING.IO, ITS UNDERLYING CARRIER, OR ANY OTHER THIRD PARTIES INVOLVED IN THE ROUTING, HANDLING, DELIVERY, OR ANSWERING OF EMERGENCY SERVICES OR IN RESPONDING TO EMERGENCY CALLS, NOR THEIR OFFICERS OR EMPLOYEES, MAY BE HELD LIABLE FOR ANY CLAIM, DAMAGE, LOSS, FINE, PENALTY OR COST (INCLUDING, WITHOUT LIMITATION, ATTORNEYS FEES) AND CUSTOMER HEREBY WAIVES ANY AND ALL SUCH CLAIMS OR CAUSES OF ACTION, ARISING FROM OR RELATING TO THE PROVISION OF ALL TYPES OF EMERGENCY SERVICES TO CUSTOMER. CUSTOMER FURTHER AGREES AND ACKNOWLEDGES THAT IT IS INDEMNIFYING AND HOLDING HARMLESS TRUNKING.IO FROM ANY CLAIM OR ACTION FOR ANY CALLER PLACING SUCH A CALL WITHOUT REGARD TO WHETHER THE CALLER IS AN EMPLOYEE OF THE CUSTOMER. CUSTOMER ACKNOWLEDGES AND AGREES TO HOLD HARMLESS AND INDEMNIFY BANDWIDTH.COM FROM ANY CLAIM OR ACTION ARISING OUT OF MISROUTES OF ANY 911 CALLS, OR WHETHER LOCAL EMERGENCY RESPONSE CENTERS OR NATIONAL EMERGENCY CALLING CENTERS ANSWER A 911 CALL OR HOW THE 911 CALLS ARE HANDLED BY ANY EMERGENCY OPERATOR INCLUDING OPERATORS OF THE NATIONAL CALL CENTER. THE LIMITATIONS APPLY TO ALL CLAIMS REGARDLESS OF WHETHER THEY ARE BASED ON BREACH OF CONTRACT, BREACH OF WARRANT, PRODUCT LIABILITY, TORT AND ANY OTHER THEORIES OF LIABILITY.

5. Service Availability

The Service is available throughout the Service Term, except in the case of scheduled maintenance of the Trunking.io network and/or its underlying carrier's network. Trunking.io will use commercially reasonable efforts to provide prior notification via electronic mail ("email") to Customer regarding any scheduled maintenance of Service. Trunking.io may interrupt its provision of Service for unscheduled emergency maintenance without notice to Customer or Customer's customers.

6. Interoperability Requirement

Customer shall review the appropriate "Solution Overview & Interface Specification" guide posted at www.trunking.io to identify all necessary interoperability requirements. Trunking.io takes no responsibility for installation or configuration of customer Phone System, or any responsibility related to connecting a customer's Phone System to any Trunking.io provided equipment.

7. IP Originated Traffic

All user traffic must be IP originated. "IP Originated" shall mean voice traffic which Customer represents and certifies as utilizing TCP/IP as a transmission protocol from the Customer's originating equipment (i.e. SIP phones, SIP PBX, TDM to SIP Gateway, IPadapter, etc.) to a TCP/IP gateway. Traffic identified as non-IP originated is subject to incremental \$.05 per minute charges. Trunking.io Enterprise Two-Way SIP Trunk, Terms and Conditions

8. Porting Numbers

Trunking.io will require a completed and signed Letter of Authorization ("LOA") for any numbers or toll free numbers the customer wishes to port. Applicable LOAs are attached hereto. In addition, Trunking.io will require a recent, applicable copy of the Customer's current phone bill which contains the Customer's Billing Telephone Number ("BTN") as well as a record of any numbers that need to be ported. Necessary LOA(s) and Bill Copy(s) must be received by Trunking.io before Trunking.io initiates the port request.

9. Service Activation Date

Trunking.io will work with the Customer to establish an initial activation date upon which their SIP Trunk solution will be activated. This date will be based on the Customer's requested date as well as the Confirmed Port Date Trunking.io receives from its underlying provider. The Confirmed Port Date is the date upon which the Customer's current voice provider has agreed to port the numbers to Trunking.io. The Confirmed Port Date typically cannot be set any earlier than two (2) to four (4) business weeks after the port request was initiated. Upon submission of the port request, Trunking.io will request a port date that coincides as closely as is reasonably possible with the initial activation date arrived at with the Customer. However, since the port interval is a product of the accuracy of the information provided to Trunking.io by the Customer as well as the processing speed of the Customer's current voice provider, Trunking.io makes no guarantees about how soon a Customer's number can be ported, but will work with its underlying carrier and the Customer to make sure the port date coincides as closely as

possible with the activation date requested by the Customer. When Trunking.io receives the Confirmed Port Date, Trunking.io will assign a Service Activation Date based on the aforementioned criteria and will communicate this date to the customer. If the Customer wishes to change the requested service activation date, Customer must communicate, in writing, the new requested date to their VoIP Installation Specialist within forty-eight (48) hours of the issuance of the service activation date. Such further date changes by Customer will be met by Trunking.io on a best effort basis.

10. Service Activation Appointment

Trunking.io will attempt to arrange an Activation Appointment with the Customer on the Service Activation Date, whereupon, a Trunking.io Service Activation Specialist will contact the Customer to provide relevant information and facilitate test calls. Such test calls will consist of outbound and inbound calls between the Customer site and Trunking.io. It is the customer's sole responsibility to ensure that their premise and all equipment is prepared for service activation by the Service Activation Date. The Service Commencement Date shall be the date when the voice components are delivered and confirmed by a Trunking.io SIP Trunking Confirmation email, whether or not an Activation Appointment has occurred. The Service Commencement Date shall equal the first date of billing for the services delivered.

11. Service Agreement Term and Service Term

The initial Service Agreement Term shall be at least one (1) year and up to three (3) years from the Effective Date of the unique, or any, Service Order Form(s) signed by Customer, with the specific initial Term of the Service Agreement as stated on each such Service Order Form. The term of the Service Agreement will automatically renew for successive one (1) year periods unless terminated in writing by Trunking.io or by Customer pursuant to the Termination Section of this Agreement at least forty (40) days prior to the expiration of the then existing Term of the Service Agreement. The initial Service Term for the, or any, specific Trunking.io Service(s) provided to Customer shall be at least one (1) year and up to three (3) years from the Service Commencement Date depending on the Service Term stated on the unique, or any, Service Order Form(s) signed by Customer. Upon expiration of a Service Term for a particular Service(s), the Service Term will automatically renew for successive one (1) year periods unless terminated in writing by Trunking.io or by Customer pursuant to the Termination Section of this Agreement at least forty (40) days prior to the expiration of the then existing Service Term. When the Term of the Service Agreement expires or is terminated, existing Services continue in effect for the remainder of the Service Term(s) and will continue to be governed by the Agreement. In the event of automatic renewal, Trunking.io reserves the right to: (i) maintain the same prices and rates for the Service(s) as stated on affected Service Order Form, or (ii) Terminate the Service(s) as stated on affected Service Order Form.

12. Service Support

Trunking.io provides support for the Services as described at www.trunking.io, as guaranteed by the applicable Service Level Agreement ("SLA"), posted at www.trunking.io.

TRUNKING.IO DOES NOT SUPPORT CUSTOMER SERVICES BEYOND THE TRUNKING.IO POINT OF DEMARCATION, DEFINED AT www.trunking.io.

13. CPE Maintenance, Support, and Repair

If Customer has rented CPE from Trunking.io, then Customer shall allow Trunking.io reasonable access to the CPE as required to provide Service ordered by Customer. Equipment provided for service may be new or recertified. All CPE and CPE provider service purchased from Trunking.io is subject to the terms and conditions set forth in the Manufacturer's or Publisher's warranty, end-user license, or agreement applicable to such CPE or CPE provider service, with no warranty of any kind from Trunking.io. Customer shall reimburse Trunking.io, on a time and materials basis as documented in an invoice, for the entire cost to repair and/or replace CPE in the event of (a) misuse, (b) failure to exercise reasonable care, (c) altering original Trunking.io configuration, (d) damage, (e) theft, or (f) disaster. If Trunking.io CPE requires maintenance not caused by one of the events set out in the sentence above, Trunking.io or its agents shall either arrange to repair the CPE at Customer's premises or ship an equivalent pre-configured replacement to Customer. If replacement CPE is shipped to Customer, Customer shall return the faulty CPE to Trunking.io within ten (10) days of receiving the replacement CPE or pay for such CPE. Customer will not receive compensation for downtime associated with CPE replacement or repair. In addition, if Customer has rented CPE, Customer shall return (at Customer's own expense) Trunking.io CPE to Trunking.io within ten (10) days of termination. If this CPE is not returned in good working condition to Trunking.io Customer shall be invoiced and pay for this CPE. Should Customer terminate CPE rental prior to fulfillment of initial or renewal service term then Trunking.io may charge Customer a twenty percent (20%) restocking fee, as calculated according to the original purchase price of rented CPE. Trunking.io Enterprise Two-Way SIP Trunk, Terms and Conditions

14. CPE Purchase

All CPE and CPE Provider Service purchased from Trunking.io is subject to the terms and conditions set forth in the Manufacturer's or Publisher's warranty, End-User license or agreement applicable to such CPE or CPE Provider Service, with no warranty of any kind from Trunking.io. Should customer receive purchased CPE that is damaged or dead on arrival Customer must notify Trunking.io Customer Care within ten (10) days of receipt. Returns will only be accepted on brand new factory-packaged products within thirty (30) days of the date CPE was shipped. All products must be fully complete including all original manufacturer boxes with the UPC code and packing materials, all manuals, blank warranty cards, accessories and any other documentation included with the original shipment. Products returned in used or altered condition will not be accepted. After thirty (30) days from initial product ship date, all sales are final. Customer is responsible for shipping charges to the Trunking.io distribution center for all products being shipped for return or exchange. Customer is responsible for all risk of loss and damage to products being shipped for return or exchange. Should Customer desire to return or exchange purchased CPE, pursuant to the above conditions, then Customer must e-mail Customer Care at support@trunking.io to request a Return Materials Authorization (RMA). All returns and exchanges will incur a twenty percent (20%) restocking fee, as calculated according to the original purchase price. If the RMA is in response to CPE delivered dead on arrival or damaged, and said CPE is found to be operating within manufacturer specifications upon return, said CPE shall be subject to the restocking fee outlined above.

15. Charges For Service

The monthly recurring charge(s) ("MRC") and any non-recurring charge(s) ("NRC") for Service is stated in said Service Order Form. Service charges are exclusive of applicable taxes and surcharges, including the Federal Universal Service Fund surcharge that Trunking.io passes on to its Customers if it is charged to Trunking.io. At its sole discretion, Trunking.io may require a security deposit to continue providing Service should Customer's credit profile yield insufficient credit. Additionally, at its sole discretion, Trunking.io reserves the right to demand immediate payment by wire and block Customer's voice traffic should Trunking.io determine Customer's usage exceeds their approved level of credit. Except for items outlined in this agreement, Trunking.io shall not increase pricing during the initial Term of a Customer Order, but thereafter Trunking.io may increase pricing upon at least thirty (30) days' written notice. All rates and charges are subject to change immediately in the event there are mandated surcharges or taxes imposed by federal, state or governmental agency. Notwithstanding the foregoing, in the event of Regulatory Activity, Trunking.io reserves the right, at any time with as much advance written notice as reasonably possible and without liability, to: (i) pass through to Customer all, or a portion of, any changes or surcharges or taxes directly or indirectly related to such Regulatory Activity; (ii) modify the Service, rates (including any rate guarantees), promotions, terms and/or conditions of this Agreement in order to conform to such action; or (iii) if such Regulatory Activity materially and adversely impairs the provision of Service under the Agreement, as reasonably determined by Trunking.io, terminate the Agreement.

16. Billing Disputes

In the event Customer disputes any invoiced charges, Customer shall pay in full all charges invoiced by the Due Date, and submit written notification within 30 calendar days of the date on the invoice in question in the form of an email sent to support@trunking.io with "Notice of Billing Dispute" in the subject line of the email. Such email notification must include the Customer's contact information, the specific dollar amount in dispute, detailed supporting reasons for the dispute, and any supporting documentation if available. Trunking.io shall respond to Customer, in writing, within thirty (30) calendar days of receiving a dispute notification from Customer. Any dispute resolved in favor of Customer shall be credited as appropriate on the next available invoice. In the event that any disputed amounts are deemed to be correct as billed and in compliance with this Agreement, Customer shall be notified in writing that the charges have been deemed valid and legitimate, and the dispute will be considered resolved by both parties; in such cases, if there should be any amount due from Customer related to the dispute, then all such amounts shall be due and payable immediately. Provider reserves the right to deny or delay any and all billing disputes and/or credits if the Customer's account is in arrears or otherwise not in good standing.

17. Specific Charges for Two-Way SIP Trunk Service

Disconnect Charges: For any request to disconnect or port out a Trunking.io assigned TN, a non-recurring charge of \$5 per TN will be charged.

LNP Charges: For cancelled LNP request more than 48 hours before FOC, a non-recurring charge of \$6 per TN will be charged. For cancelled LNP requests within 48 hours of FOC, a non-recurring charge of \$75 per TN will be charged. For any request to reinstate, within 24 hours, a newly ported phone number to the original carrier, a non-recurring charge of \$300 per number will be assessed.

Payphone Surcharges: In the event the Customer's 800/Toll-Free TN receives any inbound calls originating from a Payphone, these calls will be subject to a charge per call. The charges are based on regulated FCC Payphone Compensation rules. These regulatory charges (approximately \$0.60 per call) will be passed through directly to the customer.

Call Duration Thresholds: All per minute rates (Interstate LD, Intrastate LD, Local if applicable, 800 Domestic) assume at least 95% of calls terminating will be of a call duration of no less than six (6) seconds in length. If 5% or more of Customer's completed calls are equal to or less than six (6) seconds in length during any billing cycle then Trunking.io reserves the right to charge, and Customer shall pay, a \$0.03 charge per short duration call. This charge will be in addition to Customer's current rates.

Local & Inbound Minute Thresholds: Each Two-Way SIP trunk is subject to a monthly cap limiting the amount of inbound and local outbound minutes to two thousand (2, 000) per trunk. Any inbound or local outbound minutes exceeding 2, 000 will be billed at \$.018 per minute. This cap is a soft cap, meaning that its enforcement will not be automatic but will be at the discretion of Trunking.io should the customer's usage exceed this usage cap in any given month.

Long Distance Minimum Threshold: For any month in which the average sum of a Customer's Two-Way SIP Trunks' interstate, intrastate or international long distance traffic does not reach 300 minutes, Trunking.io reserves the right to enforce a minimum threshold of 300 minutes. The per-minute rate applied will be \$.019. This threshold is a soft threshold meaning that its enforcement will not be automatic but will be at the discretion of Trunking.io should the customer's long distance usage not reach the minimum threshold in any given month.

Call Rating: Calls will be rated as local calls if they terminated within subscriber's Local Calling Area associated with the call's originating ANI (which must be a trunking.io assigned DID). All calls outside of a Subscriber's Local Calling area shall be rated as either intrastate, interstate or international long distance. This distinction of inter versus intrastate versus international long distance will be determined based on the Originating Automatic Number Identification (ANI) and Terminating ANI provided in the call signaling.

Trunking.io utilizes the value in the 'FROM' field in the SIP header as the Originating ANI for establishing the jurisdiction of the call (i.e. interstate versus intrastate versus international). However, in the event a value is present in any of the SIP header fields used for caller id (e.g. Remote Party ID, P-Assert-Identity), Trunking.io may use this in lieu of the "FROM" field as the Originating ANI to determine the jurisdiction of a call. If Trunking.io cannot accurately rate a call due to an invalid or omitted Originating ANI, and its rating jurisdiction is not international, Trunking.io will default to rating the call at the prevailing Intrastate long distance rate.

Trunking.io will determine the originating or terminating carrier by evaluating the Terminating ANI down to the NPA-NXX-X level. Customer is also required to maintain the originating ANI for all outbound calls and abstain from any level of ANI manipulation in the call signaling.

Local Call Rating Exclusion: Rating outbound calls as Local only applies to calls that utilize telephone numbers (DIDs) assigned by Trunking.io or that have been ported to Trunking.io's service as the originating ANI. Termination of calls from DIDs not provided by Banwidth.com or ported to Trunking.io's service will be rated as either Interstate or Intrastate long distance. This distinction of inter versus intrastate long distance will be determined based on the Originating Automatic Number Identification (ANI) and Terminating ANI provided in the call signaling. If Trunking.io cannot accurately rate a call due to an invalid or omitted Originating ANI, and its rating jurisdiction is not international, Trunking.io will default to rating the call at the prevailing Intrastate long distance rate.

International Rates: If no rate schedule is attached, international rates are available at www.trunking.io. International per minute rates are subject to change. Trunking.io reserves the right to block all or a number of high cost, international routes. Customers may request to have this block removed by requesting in writing to support@trunking.io and copying their dedicated Trunking.io account executive.

Interstate LD Rates: All interstate dialing will be billed at the quoted flat, per-minute rate or rate schedule. LD interstate calls terminating to Alaska are an exception and will be billed at a \$.30 per minute rate.

Intrastate LD Rates: Intrastate calls are rated and billed at a flat, per-LATA per-minute rate. These per-LATA rates can be viewed at <http://www.Trunking.io/content/legal> and are subject to change every three (3) days.

800 Domestic Rates: Domestic 800 inbound calls are billed at the quoted flat, per-minute rate or rate schedule. 800 service is only available to 800/Toll-free DIDs provided by or ported to Trunking.io's network.

800 Offshore Rates: 800 inbound calls are rated at the quoted flat per minute rate or rate schedule with the exception of calls originating from the following locations:

1.	Alaska	\$.45
2.	Canada	\$.06
3.	CNMI	\$.30
4.	Guam	\$.15
5.	Hawaii	\$.07
6.	Puerto Rico	\$.13
7.	USVI	\$.10

The per-minute rates for these locations are subject to change every fifteen (15) days and updates shall be posted in a revised Terms and Conditions document which may be viewed at www.trunking.io.

Directory Assistance and Operator-Assisted Dialing: Trunking.io's Two-Way SIP Trunk service may provide Directory Assistance (i.e. 411) and traditional Operator Assisted Dialing. Specific per call or per minute of use rates may apply.

RBOC / Wireless Thresholds for Flat Rate Charges: All flat-rate per-minute rates (Interstate LD, Intrastate LD, 800 Domestic) assume at least 75% of calls terminate (or originate for 800 domestic inbound) on either an RBOC or Wireless PSTN providers. If this threshold is not met, Trunking.io reserves the right to charge up to an additional \$.06 per minute on the number of minutes needed to meet this threshold.

Usage Charges Incurred with Bulk Forwarding Number Management to the PSTN: Trunking.io provides the capability for inbound calls to a TN associated with this service to be forwarded to a number on the PSTN (i.e. landline or cell phone) or another VoIP line. Should Customer utilize this feature, Customer will incur any applicable usage charges for the inbound leg to the original TN in addition to usage charges for the outbound forwarded leg which may be rated as interstate or intrastate depending on the TN of the originating caller or value used in the caller-id field. It is important to note that if an inbound call is forwarded to another of Customer's Trunking.io provided TNs, the usage associated with the forwarding leg will be billed as either local, intrastate or interstate.

18. Billing Increments

Billing increments are set forth below:

Us Domestic: 6/6

International (excluding Mexico): 30/6

Mexico: 60/60

19. Billing and Payment

Trunking.io shall bill Customer for Service rendered at the rates stated in said Service Order Form. Invoices shall include all applicable federal, state, and local taxes. all such taxes, and all use, sales, commercial, gross receipts, privilege, surcharges, or other similar taxes, license fees, miscellaneous fees, and surcharges, whether charged to or against Trunking.io, Inc., which shall be payable by the Customer. However, if Customer provides proof of its specific tax exempt status, Provider shall not charge applicable taxes due to such exemption.

Customer shall supply Provider a valid and properly executed tax exemption certificate(s). In such cases the Customer remains responsible for, and agrees to pay, any and all remaining non-exempt charges; tax exemption status validation is solely the responsibility of the Customer and Provider will not be obligated to consider any retroactive tax exemption. Trunking.io shall commence billing for the monthly recurring charges and usage (the Service) on the Service Commencement Date. First and second month charges for the recurring Service(s) are billed upon Service Commencement. Where applicable, service charges for the first partial month of service will be pro-rated and billed. Call usage charges are billed after the actual calls and usage has occurred. Payments are due within fifteen (15) days of the invoice date. After fifteen (15) days of nonpayment, all fees will accrue interest at a rate of one and one-half percent (1.5%) per month or any part thereof, or the highest rate allowed by applicable law, and customer shall pay all collection costs incurred by Trunking.io (including, without limitation, reasonable attorney's fees). Some Customers installed prior to two-thousand-and-eight (2008) may be subject to payment terms whereby payments are due within thirty (30) days from the invoice date; Trunking.io reserves the right to amend said Customers to a fifteen (15) day payment term should they fail to make satisfactory payments pursuant to their current account payment term. At any point beyond provided invoice due date, where Customer has failed to make satisfactory payment as so judged by Trunking.io, then Trunking.io may give Customer written notification, by email, that Customer has committed a material breach of the Agreement due to non-payment. Said notification will be provided five (5) business days prior

to Service suspension or termination. Customer must pay all outstanding charges, within said notice period, to avoid suspension or termination of Service. If Service is terminated due to non-payment, then the Termination fees described in the Material Breach Section shall apply. In its sole discretion, Trunking.io may: (i) require a security deposit to continue the provisioning of Service(s) if Customer's approved level of credit is deemed insufficient; (ii) change payment terms, billing cycle, and/or Due Date; (iii) demand immediate payment by wire or other means and discontinue Service(s) without notice should Provider determine Customer's usage exceeds their approved level of credit; (iv) immediately block Customer's Service(s) if a Customer's pre-paid balance is depleted or is at a level that cannot cover Customer's estimated traffic during the time required for the Customer to replenish their prepaid balance, or if Customer refuses to make any requested payments. Trunking.io retains the right to bill, including any amended or corrected billing, for the Service(s) for a period of up to twelve (12) months, commencing from the date the billed Service(s) were provided to Customer. Trunking.io shall retain such billing rights for this twelve (12) month period notwithstanding any prior billing to Customer for the same period(s) and regardless of any otherwise conflicting billing conditions in this Agreement. Customer agrees that for the duration of this twelve (12) month period, Trunking.io shall not be deemed to have waived any rights with regard to billing for the provided Service(s) that are subject to this period, nor shall any legal or equitable doctrines apply, including estoppel or laches.

20. Resumption of Service

If Customer requests that Service be restored after a suspension or termination, Trunking.io has the sole and absolute discretion to restore such Service and may condition restoration upon satisfaction of such conditions as Trunking.io determines is necessary for its protection, including requiring Customer to execute a new agreement, pay all past due statements in full, pass Trunking.io's credit approval, and/or make advance payments. New nonrecurring charges also may apply to restore Service.

21. Additional NRC (if applicable)

In addition to the standard NRC listed above, the following NRC, if applicable, will apply:

Service Reinstatement Fee: \$200.00 plus any charges imposed by underlying carrier(s)

Missed Appointment Fee: \$200.00

Rejected Credit Card/Unpaid Check: \$40.00 (or legal limit)

Relocation: Relocation within same rate center is \$75.00; Relocation to new rate center is \$275.00

Upgrade Charge: Dependent on specific upgrade

Downgrade Charge: Dependent on specific downgrade

22. Inside Wiring for VoIP Component

It will be the customer's responsibility to provide any needed internal wiring or extensions (and required conduit, facilities, power, etc) for the Equipment and phones required to use the service.

23. Material Breach

Trunking.io or Customer may terminate this Agreement and the Service(s) provided hereunder in the event of a material breach that is not cured within thirty (30) days following the delivery of written notice specifying said breach, except in the case of serious material breaches, so judged by Trunking.io. Such notice from Customer must be in the form of an email sent to support@trunking.io, with "Notice of Material Breach" in the subject line of the email and Customer's contact information and detailed explanation, including supporting documentation if available, in the body of the email. Such notice from Trunking.io shall be in the form of an email to the Customer. In the event of an uncured material breach by Trunking.io, the Agreement and Service(s) shall be terminated without early termination fees to the Customer, however, in all such cases Customer shall remain responsible for: (a) charges for Service(s) actually and properly received prior and up to the date of actual termination for breach, (b) one hundred percent (100%) of the past due balance at the time of termination, and, (c) any non-recurring charges originally waived by Trunking.io. In the event of an uncured material breach by Customer, such as early termination of this Agreement, the following termination fees shall apply: (a) charges for Service(s) actually and properly received prior and up to the date of actual termination for breach, (b) the total of monthly minimum commitments for all components of the Service(s) for the remainder of the Service Order Term(s) and any additional early Termination fees included in any and all relevant Service Order Form(s), (c) one hundred percent (100%) of the past due balance at the time of termination, and, (d) any non-recurring charges originally waived by Trunking.io.

24. Termination

Upon termination of the Service Agreement and/or the Service(s) not due to a material breach, Trunking.io will disconnect, or will cause to be disconnected, the Service(s) if notified by the Customer in writing via email to support@trunking.io with no less than forty calendar (40) days notice prior to termination of the Agreement and/or Service(s). In all such cases, Customer retains the sole responsibility for notifying Trunking.io of any and all requests for termination or disconnection of Service(s), including but not limited to the porting out of billable telephone numbers (also referred to as "DIDs"), whether port outs are known or unknown by Customer; and, Customer remains responsible for all billable charges related to terminated Service(s) until Trunking.io is notified in writing as specified. Any request by Customer for cancellation or termination at any time within the Service Agreement Term and/or Service Term set forth in this Agreement, including: prior to installation, or at any time prior to the Service Commencement or Activation Date, or in the case of early termination by Customer, will be considered a Material Breach by the Customer and shall be subject to the applicable Material Breach provisions as outlined in the Material Breach section of this agreement. In the event Trunking.io determines, in its sole discretion, that Customer's ongoing use of Service(s) or the specific method or technology utilized by the Customer places Trunking.io's network, other customers, partners or the overall businesses of each in jeopardy, Trunking.io reserves the right to terminate Service(s) immediately without notification.

25. Limitation of Liability

EXCEPT AS PROVIDED IN SECTION 26, IN NO EVENT WILL TRUNKING.IO OR CUSTOMER BE LIABLE FOR ANY INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS) ARISING OUT OF OR IN RELATION TO THE SIP TRUNK, DEDICATED INTERNET ACCESS SERVICE, CPE, AND/OR ANY PRODUCTS OR SERVICE PROVIDED BY THIRD PARTIES UNDER THIS AGREEMENT. TRUNKING.IO'S MAXIMUM LIABILITY UNDER THIS AGREEMENT IS LIMITED TO SERVICE CREDITS NOT TO EXCEED THE FEES PAID TO TRUNKING.IO BY CUSTOMER FOR THE SERVICE PROVIDED.

Trunking.io Two-Way SIP Trunk service does not include any Class 5 features (e.g. call waiting, voicemail, etc.), nor will the service provide any of the following call types: 976, 900, or 1010xxx. Outbound local, 911, outbound 800 calls or 411 calls are only available if the call's originating ANI is a Trunking.io assigned DID or a DID that has been ported to the Trunking.io network. All special configurations are subject to Trunking.io's approval and Trunking.io reserves the right to terminate this agreement where proper interoperability testing has not been completed when required.

26. Indemnity

Customer shall indemnify and hold harmless Trunking.io, its Officers, Employees, Agents, and Affiliates from and against any and all alleged or actual losses, costs, claims, liability of any kind, damages (including to any tangible property or bodily injury to or death of any person), or expense of whatever nature, (including reasonable attorneys' fees) to or by any third party, relating to or arising from (a) the use of the Service provided to Customer, whether or not Customer has knowledge of or has authorized access for such use, (b) any damage to or destruction of CPE not caused by Trunking.io or its agents, and (c) any material breach of this Agreement by Customer. Customer has the sole and exclusive responsibility for the installation, configuration, security, and integrity of all Customer systems, equipment, software, and networks (the "Customer Equipment") used in conjunction with or related to the Service(s) provided by Trunking.io. Customer therefore shall indemnify and hold harmless Trunking.io from and against any actual or alleged losses, costs, claims, liability of any kind, damages, or expenses or fees (including reasonable attorneys' fees) on the part of or which may be incurred by Customer or a third-party relating to or arising from the use or operation of the Customer Equipment. Customer's indemnification in this subsection includes any alleged or actual losses or claims in connection with unauthorized access to or use of the Service(s) by any third-party through Customer Equipment, regardless if such unauthorized access is unintentional, accidental, intentional or by fraud and regardless of whether Customer had knowledge of such unauthorized access. In all such cases of unauthorized access Customer agrees that it retain full and sole responsibility for any and all charges for the Service(s) provided by Trunking.io. In the event Trunking.io grants Customer access, either by online access, by application programming interface (API), or access by any other means, to a service ordering/management system and other related electronic tools (collectively, the "Electronic Tools"), Customer agrees that it is fully and exclusively responsible for all information accuracy, charges, costs, transactions, and activities conducted through such Electronic Tools. Customer agrees that it is fully and exclusively responsible to safeguard, monitor, manage, and maintain access to the Electronic Tools, and to only allow authorized use of the Electronic Tools to persons that Customer designates. Customer therefore agrees that it shall indemnify and hold harmless Trunking.io from and against any actual or alleged losses, costs, claims, liability of any kind, damages,

or expenses or fees (including reasonable attorneys' fees) on the part of or which may be incurred by Customer, or a third-party, relating to or arising from the use or operation of the Electronic Tools. Customer's indemnification in this subsection includes any alleged or actual losses or claims in connection with unauthorized access to, use, transactions, or activity conducted through the Electronic Tools, regardless if such unauthorized access is unintentional, accidental, intentional, or by fraud, and regardless of whether Customer had knowledge of such unauthorized access. In all such cases of unauthorized access Customer agrees that it retains full and sole responsibility for any and all charges for the Service(s) provided by Trunking.io.

27. No Warranties and Customer Assumption of Risk

TRUNKING.IO MAKES SERVICE COMMITMENTS UNDER THE APPLICABLE SERVICE LEVEL AGREEMENT ("SLA"); SAID SLA IS INCORPORATED HEREIN BY REFERENCE. HOWEVER, TRUNKING.IO MAKES NO WARRANTIES, EXPRESS OR IMPLIED, FOR THE TRUNKING.IO SERVICE (INCLUDING TRUNKING.IO CPE) PROVIDED UNDER THIS AGREEMENT AND SPECIFICALLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TRUNKING.IO DOES NOT WARRANT THAT THE SERVICE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT THE SERVICE WILL MEET CUSTOMER'S REQUIREMENTS OR THAT THE SERVICE WILL PREVENT UNAUTHORIZED ACCESS BY THIRD PARTIES. TRUNKING.IO EXERCISES NO CONTROL OVER, AND HEREBY DISCLAIMS ANY RESPONSIBILITY FOR, THE ACCURACY AND QUALITY OF ANY INFORMATION TRANSMITTED WITH THE USE OF THE SERVICE. CUSTOMER HEREBY EXPRESSLY ASSUMES THE RISK OF ITS OR ITS CUSTOMERS' USE OF ANY INFORMATION TRANSMITTED VIA THE SERVICE.

28. Miscellaneous

Customer acknowledges and understands that Customer is to receive the Service detailed in this Agreement and the Customer is not relying on any affirmation of fact, promise or description from any person or entity, nor any other oral or written representation other than what is contained in this Agreement. Handwritten alterations or additions to this agreement made by Customer will not be considered part of this Agreement. This Agreement may only be modified, or any rights under it waived, by a separate written document executed by both parties. This Agreement shall be governed by, construed under, and enforced in accordance with, the laws of the State of North Carolina without reference to its choice of law principles. For any action or suit to enforce any right or remedy of this Agreement, (except for actions to enter or collect on judgments) the parties consent to exclusive jurisdiction and venue in the courts for Wake County, North Carolina and the prevailing party shall be entitled to recover its costs, including reasonable attorney's fees. In the event of a conflict between this Agreement and any applicable tariff, the tariff shall prevail. Customer may not assign this Agreement without Trunking.io's prior written consent. This Agreement shall be binding on the parties hereto and their respective personal and legal representatives, successors, and permitted assigns. If any provision of this Agreement is held to be invalid or unenforceable, the validity and enforceability of the remaining provisions of this Agreement shall not be affected thereby. Customer signatory certifies that (s)he is an officer or certified representative of the Customer, and as such is authorized to enter into this binding Agreement. In the event any specified time frame or deadline denotes calendar days, it is agreed that when the last date of required action or response falls on a weekend or holiday, the action and/or deadline shall automatically extend to the next business day. Agreement headings are provided for reference purposes only.

THIS AGREEMENT, TOGETHER WITH ANY ATTACHMENTS, INCLUDING ANY SCHEDULES, ADDENDUMS, PRICE LISTS, SERVICE ORDERS, TERMS AND CONDITIONS, SERVICE LEVEL AGREEMENTS, AND ACCEPTABLE USE POLICIES, WHICH MAY BE POSTED AT: www.trunking.io, AND WHICH ARE INCORPORATED HEREIN BY REFERENCE, CONSTITUTE THE ENTIRE UNDERSTANDING BETWEEN THE CUSTOMER AND TRUNKING.IO, INC, WITH RESPECT TO THE SERVICE(S) PROVIDED HEREIN. CUSTOMER ACKNOWLEDGES AND UNDERSTANDS THAT CUSTOMER IS NOT RELYING ON ANY AFFIRMATION OF FACT, PROMISE OR DESCRIPTION FROM ANY PERSON OR ENTITY, NOR ANY OTHER ORAL OR WRITTEN REPRESENTATION OTHER THAN WHAT IS CONTAINED IN THIS AGREEMENT AND ANY INCORPORATED DOCUMENTS.

29. Acceptable Use Policy

All use of Service must comply with Trunking.io's Acceptable Use Policy ("AUP"), which is posted at www.trunking.io, and is incorporated herein by reference. By accepting Trunking.io Service, Customer agrees to comply with this AUP and any subsequent modifications thereto. Trunking.io reserves the right to modify this AUP from time to time, effective upon posting the AUP as modified at the URL shown above. Violation of the AUP shall be considered a material breach of this Agreement pursuant to Section 23.

30. RFC 3261 Compliance

This service is based on RFC 3261 – "SIP-Session Initiation Protocol" and requires Customer to conform to this standard. In the event Trunking.io determines that Customer is in violation of RFC 3261 and this violation prevents Trunking.io from accurately rating or billing Customer's calls, Trunking.io reserves the right to bill the customer based on their estimated usage and rates, based on Trunking.io's discretion.

31. Resale Prohibition

The Service provided shall be for Customer use only with no authorization for the Customer to resale service to others. Customer agrees to comply with said prohibition and understands should Customer fail to adhere to this provision Trunking.io shall immediately terminate Customer service. Additionally, Trunking.io shall find Customer in breach of contract with full termination penalties due as outlined in section 23 of this agreement. Customer will also be liable for any additional charges and damages which may be incurred as a result of unauthorized resale.

32. Third Party Beneficiaries

The Parties do not intend by the execution, delivery, or performance of this Agreement to confer any benefit, direct or incidental, upon any person or entity not a party to this Agreement.

33. Dispute Resolution Process and Applicable Law

(a) It is the mutual desire of the parties to promptly and fully resolve any dispute arising in connection with this Agreement in good faith, confidentially, and informally with minimal transaction costs and no public statement may be made by any party regarding any such dispute. If either party determines that the dispute cannot be resolved informally, then such party shall initiate an escalation process by giving written notice ("Escalation Notice") to the other party. Each party shall name one executive as its representative, to be a person knowledgeable of the subject matter in dispute and someone with authority to discuss the dispute (hereinafter the "Officers"). The Officers shall meet in person or by conference call, together with any persons assisting them, within fifteen (15) days after delivery of the Escalation Notice. All negotiations conducted by the Officers are confidential and shall be treated as compromise and settlement negotiations for purposes of the Federal Rules of Evidence and any state rules of evidence. The Officers shall conduct such additional meetings as they deem necessary to exchange relevant information, will appoint staff to engage in resolution of any disputed facts, and will attempt to resolve the dispute. Should the Officers be unable to resolve the dispute within such fifteen (15) days, or within such additional time as the parties may otherwise agree to in writing, either party may demand mediation, whereupon the parties shall, in good faith, mediate the dispute no later than thirty (30) days after such demand through the services of a mutually selected mediator, the cost of whom shall be borne equally by the parties, at a date and location selected by the mediator after consultation with the parties. If the dispute is not resolved after applying the escalation procedures set forth above, the parties agree to waive any right to trial by jury in any judicial proceeding arising under or related to the subject matter of this Agreement, and agree to submit all controversies, claims and matters of difference to arbitration according to the commercial rules and practices of the American Arbitration Association ("AAA"). Arbitration hereunder shall occur within sixty (60) days of the date of submission before a single neutral arbitrator having significant experience in the subject matter of this Agreement and who will be selected in accordance with AAA rules. Arbitration proceedings shall take place in Wake County, North Carolina. Discovery shall be permitted, including the use of interrogatories, requests for admission and production of documents and depositions. If the amount claimed to be in dispute is less than \$500,000 all applicable expedited procedures of the AAA shall apply. The arbitrator's fees and costs of the arbitration shall be borne by the party against whom the award is rendered, except that if the arbitrator issues a split decision, granting partial relief to both parties, the arbitrator shall equitably allocate the arbitrator's fees and other costs. Each party shall pay its attorney's fees related to any dispute related to this Agreement. The arbitration award shall be final and binding on both parties of this Agreement, shall not be subject to any appeal and shall be enforceable in any court of competent jurisdiction. (b) This Agreement shall be governed by, construed under and enforced in accordance with the laws of the State of North Carolina without reference to its choice of law principles. In the event any party brings a civil action or initiates judicial proceedings of any kind related to this Agreement (except for actions to enter or collect on judgments), the parties consent to the exclusive personal jurisdiction and venue of the courts in Wake County, North Carolina.
